
INNOVATIVE ACCESS FLOORING

PRODUCT RANGE

GET IN TOUCH

THE ACCESS FLOOR EXPERTS

Our innovative access floor solutions empower developers, architects, designers and builders across Australia with the freedom to design for the future. Our access floor systems provide a seamless integration of critical data, electrical, fire and mechanical services – all housed beneath functional accessible floor panels.

- Reduced construction time and costs: Easier access to underfloor services eliminates the need or disruptive ceiling modifications.
- Impressive Adaptability: Each access floor system remains flexible to changing technology layouts and evolving business needs.
- Superior cable management: Keeps your space organised and efficient.

ACCESS FLOOR ENVIRONMENTS

Don't just build a space, craft an experience. ASP Access Floors provides specialised and effective access flooring solutions for every environment, from fostering creativity in commercial settings to ensuring seamless operation in data centres. ASP helps design adaptable spaces built for the future.

CARBON NEUTRAL ACCESS FLOORING

With more than two decades of experience, ASP Access Floors has developed and patented multiple unique access floor designs that have been used in some of the most iconic projects worldwide. Ongoing research and development allow ASP Access Floors to produce innovative solutions that offer quality, versatility and infinite support.

At ASP Access Floors, we understand the importance of creating sustainable building solutions. That's why we offer a range of eco-friendly flooring products and services, including our flagship Icon Series and Urban Series, designed to minimise environmental impact throughout their entire product life cycle.
